mini TANK Series-Data Storage Carrier

mini TANK Series are designed with the concept of “Laptop’s best data manage partner”. Both of them are compatible with 2.5” SATA HDD, lower power consumption than regular 3.5” HDD storage device and perfectly suitable for laptop with its mini size.

People are accustomed to taking digital photos, working with computer and saving all information on the computer. In case hard disk failure cause the irreplaceable information lost, saving this precious data separately and backup all information periodically are importantly. Thus, undoubtedly **mini TANK Series** are the best choice for the laptop’s user.

Small But Intelligent

With mini size with 2.5” SATA HDD, mini TANK Series are more suitable for laptop users.

Silent Operation

Coming with lower rotation speed of the cooling fan, mini TANK Series make less noise than the 3.5” hard disk does.

Eco-Design

mini TANK Series are compliant to RoHS and reduces power consumption.

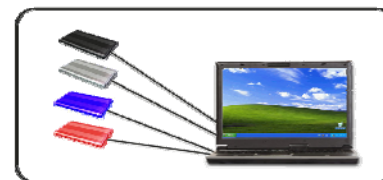

A Data Storage Carrier With An Extra HDD Enclosure

mini TANK Series - J5-5S-SB2 includes a 4 HDDs data carrier (J4) and an extra HDD enclosure (J1). The intelligent design is helpful for storage and manage data. If collocating with J1, then managing information on-the-go will not be the problem anymore.

Connecting 4 HDD With Only 1 Cable

With Port-multiplier eSATA cable, mini TANK Data Storage Carrier enables to connect to 4 HDD with 1 cable and access to these 4 HDD at the same time.

=

Note : It is able to connect 4 HDD with 1 cable under USB interface but please do not swap HDD while access data. Otherwise, accessing data may be damaged.

Classify & Manage Data With Ease

With **mini TANK Series _ Data Storage Carrier**, capacity will not be the problem anymore. Whatever how large the capacity it is, the user still can manage and classify info easily. Also, the user can use one disk to backup info from the other three HDD to prevent from HDD failure.

mini TANK Series -Data Storage Carrier

J5-5S-SB2

- USB 2.0 +eSATA interface
- 2.5" SATA HDD
- Supports 4+1x Portable SATA HDD
- Convenient Data Carrier Design
- J1 + J4 = J5

J4-4S-SB2

- USB 2.0 +eSATA interface
- 2.5" SATA HDD
- Supports 4 x Portable SATA HDD
- Best Partner of Data Management

J1-1S-B2

- USB 2.0
- 2.5" SATA HDD
- Supports 1 x Portable SATA HDD
- Portable Tray for Data Exchange

| Model No. | J1-1S-B2 | J4-4S-SB2 | J5-5S-SB2 (J1+J4) |
|------------------|---|---|---------------------------------------|
| Microprocessor | SPIF225A | SiI3726 | ---- |
| Host Interface | USB2.0 | USB2.0 + eSATA | USB2.0 + eSATA |
| Drive Interface | SATA | SATA | SATA |
| No. of HDD | 1 x Portable | 4 | 4 + 1 x portable |
| Largest Capacity | Based on HDD | | |
| RAID function | ---- | JBOD | JBOD |
| Hot-Swap | Yes | Yes | Yes |
| Cooling Fan | No | 4cm x 1 | ---- |
| Power Supply | ---- | Input: 100~240v Output: 12v, 4.16A | Input: 100~240v Output: 12v, 4.16A |
| Support O.S | Windows XP above , MAC O.S 10 above, LINUX Kernel 2.6 above | | |
| LED Indicator | Access | System Power, HDD Access, HD Power, Fan Failure | |
| Dimension (mm) | 93.5 x 129 x 15.5 | 103.1 x 139.65 x 70 | ---- |
