

Hard Drive Compatibility List

The test we did is to check if hard drives can be formatted successfully. This list is not complete. The hard drive models showed in the list are merely parts of hard drives having confirmed working. We will keep renewing the list as we have any update test results. If you have other hard drive compatibility issue, please contact RAIDON's supporting team by email (supporting@raidon.com.tw).

Update Date: December 30, 2008

	Western Digital (WD)				Maxtor
