

InTANK iT2771-S3

Internal JBOD Module

RAIDON InTANK iT2771-S3 is a internal JBOD module, which supports two 2.5" SATA hard drive, you can store the operating system and data file in different hard drive or use it with a RAID card. It is designed to has the same dimension as one 3.5" hard drive or one floppy size, this allows you to install iT2771-S3 in the mini-Server, Surveillance Server, 1U Server, eMail Server and POS System that has limited space. iT2771-S3 can help you to save the problem of requiring larger capacity but with limiter space.

Screwless Tray Design together with a Tray Lock

iT2771-S3 uses our screwless tray which provides an easy use Tray Lock to protect your data. You could easily replace the defective HDD from its easy-to-use tray design even though you haven't got any experience in doing that before.

An Excellent Ventilation design

Overheat is one of the major problems to cause system failure, and causes a huge loss at the downtime period in the 24-hour full-automation production equipments. Our iT2771-S3 has an excellent ventilation design to help dissipating the heat generated from two HDDs/SSDs efficiently and reduces the loss caused by system downtime.

iT2771-S3 is recommended being used in your CNC machinery to the huge IC production equipments.

Specification

Model no.	iT2771-S3
Interface	SATA III 6.0 Gb/s
Support Hard Drive	2×2.5" SATA III 6.0Gb/s HDD/SSD
RAID Level	JBOD
The Largest Capacity	2TB
Power Supply	SATA 15pin (12v/5v)
LED Indicators	Yes
Operating System	Windows, Linux
Certification	CE & FCC
Function Control Interface	GUI (Windows Only)
Packing Content	CD, Quick Installation Guide, Accessory Kit
Dimension	102(W)×26(H)×147(L) mm
Operating temperature	50° to 95° F (10° to 35° C)
Storage temperature	-4° to 116° F (-20° to 47° C)
Relative humidity	5% to 95% noncondensing

7F-9, No.16, Lane 609, Sec.5, Chung-Hsin Rd.,241 San-Chung Dist., New Taipei City, Taiwan
